

Long Furlong Badger Club

Mobile Phone & Wearable Technology Policy

Long Furlong Badger Club ('The Club') accepts that mobile technology is part of the ever changing digital environment that we live and work in. The Club continues to foster a 'culture of safety' in which the children and staff are protected from abuse, harm, and distress. We therefore have a clear policy on the acceptable use of mobile phones, tablet computers and other wearable technology that have imaging and sharing capabilities, that is understood and adhered to by everyone; staff, children and parents.

Abiding by the terms of the club's policy ensures that we all:

- Protect children from harm and abuse
- Ensure privacy is respected and online safety is preserved
- Prevent staff from being subject to false allegations
- Help staff remain focused on the care of children
- Work in an open and transparent environment.

With the evolution of mobile phones, tablet computers and wearable technology that have camera facilities and sharing capabilities as standard, it is of the utmost importance that the way we deal with technology is managed safely.

Staff use of mobile phones and wearable technology

Personal mobile phones belonging to members of staff should be kept in bags during working hours.

Only tablet computers and mobile phones that are owned and maintained by The Club are permitted to be used on site. These have appropriate safeguards for their use and the use of image taking capabilities. This includes only taking and sharing images in accordance with permissions set by parents/guardians on the booking system.

Wearable technology such as Smartwatches and Fitbits (this list is not exhaustive) are permitted to be worn by staff. They may only be used as a watch when working with children.

If a member of staff needs to make an urgent personal call they can use the club phone or make a personal call from their mobile in the kitchen office.

Under no circumstances may staff use their personal mobile phones or wearable technology to take photographs at the club during working hours.

Children's use of mobile phones

Whilst we understand that some children have mobile phones, we actively discourage them from using their phones within the club.

The club does not accept any responsibility for loss or damage to mobile phones brought to the club by the children.

Children must not use their mobile phone to take photographs of any kind whilst at the club. If they want a photograph of a particular activity they can ask a member of staff to take one using the club camera.

Visitors' use of mobile phones

In the interest of safeguarding we ask all parents and visitors not to use their phones or other mobile devices on club premises.

Taking of photographs by parents or visitors is **strictly prohibited**. If a parent would like to have a photograph of their child involved in an activity or at play, they can ask a member of staff to take one using the club camera.

Guidance

To safeguard children and practitioners online, our staff will be encouraged to refer to “Safeguarding children and protecting professionals in early years settings: online safety considerations”.
